No 20 C —XV 413 33, dated Lucknow, the 3rd April 1903

From—H D Griffin Esq, Judicial Secretary to the Government of the United Provinces of Agra and Oudh,

To—The Secretary to the Government of India in the Home Department

The Principal, Thomason College, Roorkee, has represented to the Government that great inconvenience is caused by Native State applying at the last moment for the admission of students to the Civil and Electrical Engineering classes The accommodation in the College is limited, and the admission of a student from a Native State at the last moment means either that the accommodation must be overcrowded, or that a student, who has passed the open competitive examination and is entitled to admission, must be excluded

2 It is reported that twenty four is the number which can be conveniently accommodated in the Laboratories and Class Rooms, and twenty is the limit of workshop accommodation The rules of admission provide for twenty vacancies a year for students entering the College through the competitive examination, and the number of extra students from Native States cannot be large

3 In order, therefore, that the number in the class may not exceed the limit compatible with efficient tuition I am to ask that, with the permission of His Excellency the Governor General in Council Native States may be informed that they should in future give notice at least six months before commencement of the College year (1st November) of their intention to send students to the Roorkee College for training
